## How to Be Successful at Your Audition

**Auditions for current 8<sup>th</sup> graders are due by 11:59pm on Friday, April 5th, 2024.**  
**Auditions for returning high schoolers are due by 11:59pm on May 4th, 2024.**

- **Select the Appropriate Ensemble to Audition for.** Each ensemble has different time commitments and ability levels appropriate for that group. Be aware of how you fit into our existing system. CHECK YOUR PIECE to be sure that it is on the PML. The PML (Prescribed Music List is listed here: <https://www.uiltexas.org/pml/>
- **Prepare.** This audition determines your placement for the entire YEAR! It's unwise to start on your audition material the week that it is due.
  - **Scales:** You will be asked to perform the 2 scales on the front of this sheet. Pianists should perform with both hands in as many octaves as possible.
  - **Prepared Piece:** Selecting a solo piece that showcases your ability is crucial to the success of your audition. DO NOT play just a portion of a solo work: if you prepare just the first page or a partial performance of the piece, then you are not actually performing the piece: it is likely that only the first page of your Class One is actually a Class Two or Three. You should never perform "orchestra music" for an audition.
  - **Meet your deadlines:** Check to make sure that you submitted your audition by the midnight deadline. Late submissions may impact your placement.
  - Your audition will be uploaded to a Google form:
    - Current 8<sup>th</sup> graders: <https://forms.gle/EMJpYHtA8jrCrVcl8>
    - Returning high schoolers: <https://forms.gle/2W6dGvCtf9gkEstu6>

### Final Exam Information (high schoolers only)

Your Final Exam is comprised of two parts: a) Written Portion (50%) and b) Performance Portion (50%). The Written Portion is the Terminology Worksheet that was distributed to you in August 2023. The Performance Portion is comprised of scales and a prepared piece, as listed above. There are no exceptions.

- Students cannot choose a solo work that they have already performed. For example, a sophomore cannot play the same piece that they did for their freshman audition. Another example: you cannot perform the same piece that you performed for UIL Solo and Ensemble, but you can play the piece you will perform for TSSEC/KYAC. You may perform a different movement from the same work.
- Students NOT continuing in orchestra must perform the level that they are currently in: they may not "drop" to a lower ensemble for their final exam. For example, a Lyrica student cannot play a Class Three solo as their final because the minimum is a Class Two. Scales follow the same requirement.
- The Written Portion will take place during your final exam time slot. No written finals will be taken early.
- Failure to take one half or the other will result in a significant decrease in points (50 points) from your final exam.

### Placement is based on:

- **Your Audition** (e.g. Prepared Piece, Scales)
- **Your Director's Recommendation** – Each director fills out a recommendation form that informs your directors of your character and work ethic in and out of the classroom. Your audition is not the only factor when determining placement.

*Audition Results will not be made public until early summer. Audition results will be sent through your current Orchestra Director and are available on our website.*
